In the morning, the group leaves for the most attractive coastal city in the state of California, Santa Monica. It is a bustling city and the natural beauty of the resort. Shore lined with large and small hotels, shopping malls, cinemas and restaurants. Continue driving west along interstate 405, you would see a group of unique buildings standing on Santa Monica Mountains cliff. This is the prestigious Getty Center in Los Angeles. It is a set of creative design of building, gardening, painting, sculpture and photographic works of art in private museums. The total cost of Getty Center is over one billion U.S. dollars.

In the afternoon, the group will pass by a renowned university – UCLA (University of California Los Angeles) and then visit the Beverly Hills, one of the most expensive housing markets in the United States. You will stop at the Rodeo Drive, where you may explore all the world-famous brand stores. Each store has its unique decorations to represent its brand image. Even though you do not intend to do any shopping, you will get an extremely high visual enjoyment. You may have a chance to meet your favorite celebrity luckily.

Afterwards, you will visit EL PUEBLO DE Los Angeles Historic Monument. The Los Angeles Historic Monument is the birthplace of Los Angeles. It is not only a reflection of the early history of Los Angeles, but also the best microcosm of the social life from 1818 to 1836. However, as the development of the city, the ancient city has gradually been forgotten and abandoned. In 1953, this old city has been designated as State Historical Park. Olvera Street in downtown LA is a living museum paying homage to a romantic vision of old Mexico. You can taste the traditional Mexican food and find the traditional Mexican souvenirs in this street without going to Mexico physically. (**Tour End 5:00 pm**)
